## *The New Bride*

# OF THE FLORIDA LAWBOOK FAMILY

### **SOMETHING OLD**

This set offers the same old value in words per page and pages to the volume that all lawyers were accustomed to receive prior to the inflation. The complete body of Florida Law will be covered in approximately 20 volumes thereby insuring you of minimum cost.

### **SOMETHING NEW**

Each section has been gist stated for even quicker research and The Harrison Company has introduced the brand new "see also" annotations to lead you outside of this work to all the sources of the law . . . these new annotations are literally the dream of all briefing attorneys.

### **SOMETHING BORROWED**

Naturally, points arise upon which the Florida rule has not been determined. When this occurs, well-settled law is borrowed from decisions of other states, from the federal courts, and from English decisions. With the aid of the new "see also" annotations maximum coverage is had in a fraction of the time. Your library investment will be more valuable because you will now be able to use all of your books.

### **SOMETHING BLUE**

The distinctive blue color of this set makes it stand out ahead of the others and identifies this classic from the rest of your library. You will be proud to show others your new set. You will be proud for your clients to see it.
